FEATURES & BENEFITS

Design Mounting

Introducing our sleek and stylish design appplications for Logitech, Yealink and other video conference systems. Our Mount Solutions offers the perfect combination of functionality and aesthetics, ensuring that it not only enhances your video conferencing experience but also adds to the overall look of your space.

FAST INSTALLATION

With the help of the DID Mount Solutions it is possible to orderly mount all your equipment under the screen in a short time. With a quick and easy setup process, you can say goodbye to messy cables and devices. In addition, it is also possible to pre-assemble all cabling and devices with the DID Prefab Grid.

Service & Security

With the Mount Solutions you keep all your equipment accessible for service, while simultaneously shielding your equipment by means of the safety lock.
