MountStand
datasheet

The MountStand is a luxury AV stand application available in different configurations for different needs. It is designed with both style and functionality in mind, making it a perfect addition to any modern office or conference room. One of the key features of the MountStand is its various configuration options. For example, the MountStand can be equipped with a floor plate to make the entire setup freestanding. You can personalize your MountStand with different fabrics and with your own stainless steel label print.
